

It is estimated that
350 MILLION
people worldwide suffer from one of over
7,000 rare diseases

Rare diseases are responsible for
35% of all deaths
in the first year of life

MOST PATIENTS RECIEVE
2 TO 3 WRONG DIAGNOSES
BEFORE THE RIGHT ONE

7.6 YEARS In the U.S. average
time to diagnosis 

 In the U.K. average
time to diagnosis **5.6 YEARS**

30%

of children with a rare disease
will not live to see their
5th birthday

Most physicians
(60% of PCPs, 80% of specialists)

say they welcome the challenge that rare
diseases bring and want to be part of
finding a diagnosis.

85%
of physicians 

who posted a patient case on SERMO
said they received the information they
were looking for.

SERMO, the #1 global social network for doctors and the home of medical crowdsourcing, is **PARTNERING**
with **GLOBAL GENES™**, a leading rare disease patient advocacy organization

Through **SERMOheroes**, SERMO and Global Genes™ will help patients and
their families present their cases to hundreds of thousands of doctors at once so they
can benefit from medical crowdsourcing at no cost.
